

ReMarkable
ReDesign & Home Staging Inc

Realtors Package

Talking to your clients about home condition, décor, clutter and costs relevant to this can be very difficult in an already stressful time for homeowners. Let us take the headache out of that sensitive situation. We can advise, implement and follow up on all aspects of the staging process: **For Sale to Sold!**

3 Hour Staging What is this?

The **ReMarkable** home staging team will take your new listing (or an older listing that needs some redesign) and work our magic in just three hours! We use existing furnishings and accessories in the home and make the space look its best before your photos are taken. We will also make recommendations to the homeowner as to what improvements may be necessary for a fast sale at the very best price.
ReMarkable!

Cost to Realtor: \$250.00

If further staging and redesign work is required/requested we will make those arrangements with the homeowner.
